

# HEALTH & SAFETY POLICY

The management of ACTION ENGINEERING is firmly committed to:

- Preventing injury
- Providing a safe workplace and safe equipment
- Establishing and insisting upon safe methods and safe practices at all times
- Providing effective safety training
- Consulting with unions and other nominated employee representatives in managing Health and Safety within our workplace
- Developing a personal responsibility for safety
- Promoting a safe and early return to work of injured employees
- Identifying and managing all risks and hazards
- Monitoring employees fitness and health
- Upholding the Health and Safety at Work Act 2015 and Regulations, and all relevant standards
- Continual review and improvement in the management of occupational health and safety
- Working together to eliminate injury
- Accurate reporting and recording of accidents or incidents

## WE BELIEVE:

- THAT EVERY JOB CAN BE DONE SAFELY AND WITHOUT INJURY
- THAT SAFETY IS EVERYONE'S RESPONSIBILITY
- THAT MANAGEMENT ARE ULTIMATELY RESPONSIBLE FOR HEALTH AND SAFETY STANDARDS IN OUR WORKPLACE
- A SAFE AND HEALTHY OPERATION IS AN EFFICIENT OPERATION
